

Petra H/A Type Power Steering Fluid

PN 7005B (64 FL OZ)

Technical Data Sheet

Product Description:

Petra's Power Steering Fluid for Honda/Acura is a premium quality power steering fluid and conditioner that is specially designed for use in Honda/Acura power steering systems. It is formulated with synthetic base stocks, a shear stable viscosity modifier and a carefully selected additive package to provide enhanced performance in Honda/Acura power steering systems. It is formulated to be non-foaming and non-corrosive. Petra's Power Steering Fluid for Honda/Acura is designed to keep power steering units clean and to reduce wear and valve noise over a wide temperature range.

Advantages & Uses:

- Specifically designed for Honda/Acura power steering systems
- Keeps power steering units clean
- Reduces wear and valve noise over a wide temperature range
- Non-foaming and non-corrosive

Features:

- Protects against wear, oxidation and corrosion
- Helps restore quiet, smooth steering control
- Conditions seals and hoses
- Performs across a wide range of ambient temperature conditions

Property	Typical Value
Appearance	Clear/amber fluid
Viscosity, cSt @ 100°C	12.39
Viscosity, cSt @ 40°C	56.65
Viscosity Index	223
Zinc, ppm	736
Phosphorus, ppm	664
Calcium, ppm	150
